

Cross Stitch Pattern September

... the forest put on coloured dresses, the air gets colder.
After a nice and warm summer, slowly but steadily the autumn arrives.

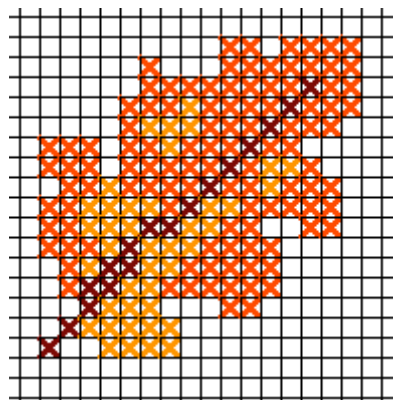

To get ready for the calmer, colder and colourful time, we have put together patterns of cross stitch motifs: tree, leaf and acorns.

Of course you can vary colours and degree of difficulty yourself.

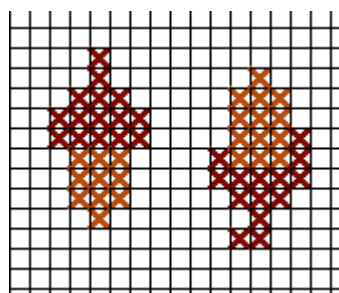

Autumn Tree

Autumn Leaf

Acorns

Have fun stitching!
We would love to see photos of your stitcheries.
